## Outdoor luminaire **FLAMINGO**

### Harmony of beauty and functionality!

FLAMINGO outdoor luminaire is a versatile solution with a wide range of applications in outdoor lighting in various spaces such as roads, parks, parking lots and backyards.

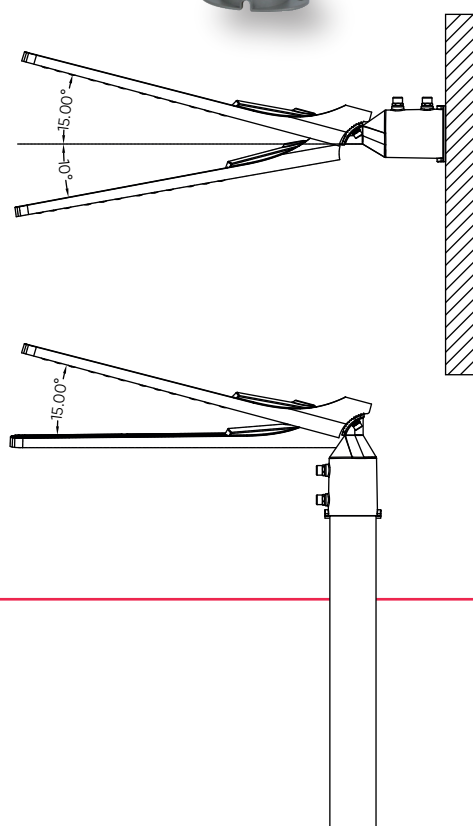

What sets it apart?

- The original slender shape of the lamp makes it not only versatile, but also an interesting element of the outdoor space, giving it a modern character.
- With the ability to be mounted on a pole, boom or directly on the wall, it guarantees flexibility and ease of installation, while providing easy and flexible installation, giving you the option of tilting the luminaire by  $\pm 15$  degrees or mounting it at a 90-degree angle.
- The versatility of applications, the ability to direct the light in any direction, a luminous efficacy of 100lm/W and a high color rendering level of  $Ra > 80$  provide optimal lighting conditions and enable effective illumination of selected areas.
- The luminaire comes with a 3-year warranty, giving you confidence in its durability and reliable performance.

Also noteworthy is the attractive price of the FLAMINGO luminaire, making it ideal for a wide range of outdoor lighting applications, even for extensive areas.

Black version  
available

### Technical parameters:

- powers: 30W, 50W, 100W
