CUBE CORTEN

WALL LAMP

CUBE CORTEN

Key features

- ▶ Two light colors: 3000 and 4000K
- ▶ Resistance to outdoor conditions: IP65
- ▶ Flexible installation with adjustable light distribution up/down
- ▶ Modern and aesthetic, durable aluminum housing

EFFICACY 140-150 lm/W

Power [W]:
2x3W

Luminous flux [lm]:
450

Beam angle [°]:
0 ÷ 120

Color temperature [K]:
3000 4000

Lifetime [h]:
L70B50- 30.000

Housing:
aluminium

Application

- ▶ Outdoor façade lighting
- ▶ Corridor and decorative lighting

Safe outdoor installation

The wall lights from the CUBE series are made of lightweight aluminum and have an IP65 protection rating, which means complete dust-tightness and protection against water jets from any direction. This makes them well suited for outdoor applications—for example on terraces, under canopies, on balconies, or in entrance vestibules.

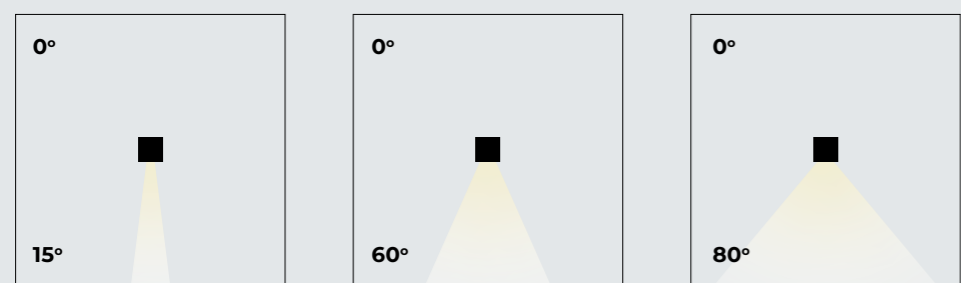

Adjustable light direction

CUBE wall lights are equipped with an adjustable shutter system, enabling manual adjustment of the light beam angle from 0° to 120°. Designed for both up and down lighting, they offer virtually unlimited possibilities for creating striking decorative illumination on building façades and in outdoor spaces. Full control over the light distribution allows you to create the perfect atmosphere for any architectural setting.
